

Dansk oversættelse af - BOS Foundation statement, 3. Juli 2018

”BOS Foundation er dedikeret til at redde den kritisk truede orangutang på Borneo fra udryddelse gennem redning, rehabilitering, genudsættelse og lokal bevarelse af deres habitat.

En enorm holdindsats er nødvendig for at opretholde og bygge videre på BOS Foundations succeser. Dette hold består af vores 420 ansatte i Indonesien, vores internationale partnerorganisationer, miljøorienterede virksomheder, statslige aktører i Indonesien, lignende non-profit organisationer, og vores mange donorer og støtter verden over.

Red Orangutangen er en af disse vigtige partnerorganisationer. Deres værdifulde, betroede og konsekvente støtte til BOS Foundation opretholdes af en formel aftale, som det gælder for al støtte, som BOS Foundation modtager fra vores partnerorganisationer. Red Orangutanger forbliver den eneste officielle partner til BOS Foundation, i de lande hvor Red Orangutangen er tilstede.

Selvom BOS Foundation anerkender og sætter stor pris på Lone Dröscher Niensens indsats i forhold til bevarelsen af orangutangen gennem hendes tidligere arbejde hos BOS Foundation, så må vi understrege at hverken Lone Dröscher Nielsen eller Orangutan Land Trust i øjeblikket har en formel aftale med BOS Foundation.

Donationer til BOS Foundation, i form af adoptioner af orangutanger under omsorg af BOS Foundation, kan kun ske gennem BOS Foundation, deres partnerorganisationer og andre organisationer med hvem BOS Foundation har en aktiv, formel aftale.”

BOS Foundation is dedicated to saving the Critically Endangered Bornean orangutan from extinction, through orangutan rescue, rehabilitation, reintroduction, and in-situ conservation of their habitat.

An enormous team effort is required to maintain and build on BOS Foundation's successes. This team is composed of our 420 staff in Indonesia, our international Partner Organisations, environmentally-minded corporations, Indonesian government stakeholders, like-minded non-profits, and our many donors and supporters around the world.

Save the Orangutan is one such important Partner Organisation. Their valuable, trusted, and consistent support to BOS Foundation is maintained by a formal agreement, as is all the support that BOS Foundation receives from our Partner Organisations. Save the Orangutan remains the only official Partner of BOS Foundation in the countries where Save the Orangutan is present.

While BOS Foundation acknowledges and appreciates the contribution of Lone Dröscher Nielsen to the orangutan conservation effort during her previous work with BOS Foundation, we must state that both Lone Dröscher Nielsen and Orangutan Land Trust currently do not have a formal agreement with BOS Foundation.

Donations to BOS Foundation in the form of adoptions of orangutans under the care of BOS Foundation, can only be made to BOS Foundation, their Partner Organisations, and other organisations with whom BOS Foundation has an active formal agreement.
